

CT 416II

• THE SUBSTITUTION FOR MMA/TIG/CUT MACHINE.

Processes

- MMA
- TIG
- CUT

Package Includes

- Inverter power source
- Electrode clamp, 3m
- TIG torch, 4m
- CUT torch, 5m
- Hose, 3m
- Hose clamp, 2pcs
- Tungsten electrode
- Air filter

Optional Accessories

- Welding cart
- Helmet

Features

- Post-gas adjustable.
- Self-adaptive Arc force and Hot start built-in, Anti-sticking.
- Flash cutting for 5mm thickness carbon steel, recommend for 10mm thickness carbon steel.
