PRIMA® FLOWMETER REGULATOR MODEL 838

Model : 838AR ARGON FLOWMETER
Side Entry

Model : 838CR CO2 FLOWMETER
Side Entry

This **PRIMA**® Single Stage Flowmeter Regulator is certified to Standard EN ISO 2503:2009+A1:2015. This regulator is designed and developed with the following features:

- Rugged forged brass body for strength & safety.
- Preset outlet pressure at 1.5 kg/cm²
- Polycarbonate (PC) flow tube with scale of 0 - 25ℓ/min
- Inlet Pressure Gauge for inert gas calibrated to maximum pressure 6,000 PSI (400 BAR).
- CE EN ISO 2503:2009+A1:2015
- Certificate No.: I/ISETC.002820190513

- Stem Type seat assembly for smoother and more accurate gas flow.
- External Safety Relief for all high pressure models for additional safety.
- Inlet Stem with bronze filter to prevent dirt going into regulator.
- Side entry inlet stem.
