

## WELDING WIRE

# KISWEL K-71T FLUX CORED WIRE

## AWS A5.20 E71T-1

For welding of 490MPa high tensile steel

### Features:

- Wire of titania type of flux cored wire for all-position welding
- Application for machineries, shipbuilding, offshore structures, bridges and general fabrications
- Excellent mechanical properties, easy slag removal, low spatter generation, smooth bead shape, high X-ray safety

### SPECIFICATIONS:

AWS Specification	AWS A5.20 E71T-1
JIS Specification	N/A
Other Specification	N/A
Size	1.0mm, 1.2mm, 1.6mm
